Cindy,

Ex. 6 - Personal Privacy

We, of course, understand that tomorrow's meeting needs to be postponed.

Over the next couple of days, please propose a date on or before October 2 for rescheduling the meeting.

Also, after further discussion at EPA, we believe it is essential that Pete Vanourek participate in the meeting as he is the person responsible for implementation of the Risk Management Plan at Multistar. Accordingly, we do not believe we can have a productive discussion regarding the company's compliance with Risk Management Plan requirements without Pete Vanourek's participation in the meeting.

We hold many enforcement conferences by conference call, so that is an option for some or all Multistar representatives who will be participating in the meeting.

Ex. 6 - Personal Privacy

Sincerely,

Julie A. Vergeront
